

# HotShots Youth Sports

## Emergency & Weather Policy

HotShots follows a simple policy concerning inclement weather or other emergencies, closely following school district policy. Please use your own judgment concerning road safety in adverse weather, as conditions can vary widely in different parts of the county.

### **Adverse Weather:**

**Practices:** (Mon.-Thurs.) No practices that specific evening if school was canceled or dismissed early due to weather.

**Games:** If school is canceled on Friday, all HotShots games are canceled for that entire weekend (Friday evening & Saturday games). This is school district policy.

**Game Status Verification:** Check the HotShots website ([www.hotshotsyouthsports.org](http://www.hotshotsyouthsports.org)) Friday 10 AM or later to verify game status. If the opening page of the HotShots website appears normal, games are still ON at that point. If canceled, a large cancellation notice will appear on the opening page.

**Reschedules:** Game sites that are canceled due to school events are re-scheduled by the league, but a league-wide cancel due to inclement weather cannot be rescheduled.

**Other Emergencies:** These same rules apply to other circumstances that may cancel activities at the public schools - including earthquakes, wind storms, fire, terrorism, health issues, or other emergency situations. Again, if classes are canceled, all evening activities are canceled as well. Practices or games lost to emergencies such as these are out of HotShots control and cannot be re-scheduled. Refunds are not allowed.
